WHO WE ARE

Wellfit Designs is a premier interior design and fitout company established in 2020. Operating from our Dubai headquarters with a state-of-the-art production facility in Ajman, we deliver exceptional interior solutions across the UAE with uncompromising quality and attention to detail.
Our approach combines innovative design thinking with meticulous craftsmanship, ensuring every project not only meets but exceeds our clients' expectations. We believe in creating spaces that are not just beautiful, but functional and built to last.

WELLFIT DESIGNS

COMPANY HISTORY

WELLFIT DESIGNS (Registered Name: WELL FIT SPACE DECORATION DESIGN & IMPLEMENTATION L.L.C) is the operational brand of our company, officially established in Dubai in 2025.

Our journey began in 2020 with the launch of JAN INTERIOR FIT OUT, a well-established interior design company in the U.A.E. specializing in high-quality interior works and operating an in-house joinery factory in Ajman. Over the years, JAN Interiors built a reputation for delivering exceptional craftsmanship and design expertise.

In 2025, we restructured our operations to better serve our clients. JAN Interiors now focuses exclusively on joinery production, while Wellfit Designs manages all project operations from our Dubai office — from design development to complete turnkey execution.

With years of proven experience, our integrated and streamlined structure allows us to spend less time organizing and more time designing, collaborating, and innovating with our clients. Drawing on a broad portfolio of completed projects, we approach every design challenge with creativity, practicality, and attention to detail, constantly evolving in response to modern trends and requirements.

From initial research and concept studies to final project handover, we work hand in hand with our clients, asking the right questions, understanding their needs, and delivering spaces that go beyond function — creating environments where people can truly enjoy and live their lives.

Project Management is at the heart of our process. We ensure every detail is executed to the highest standards, maintaining quality, meeting all requirements, and delivering results exactly as envisioned.
